Ref. No. IVNIN-77/1 30. May 2025. Year

On behalf of the «Institute for Multidisciplinary Scientific Research on the Continuity of Law and Culture KoloVena/SloVena from the Epochs of Lepenski Vir and Vinča» (hereinafter referred to as IVNIN), which is the publisher of the three-volume edition «**CONTINUITY OF LAW AND CULTURE**», I invite you to publish the name of your company or your company's brand in the books by Professor Božidar Mitrović, Doctor of Legal Sciences, which comprise this monumental edition:

- 1) The textbook «SlaVs Law», a scientific-educational discipline I revived at MNEPU University in Moscow in 2014, nearly a century after it was removed from the academic curriculum by the Bolsheviks in Russia and subsequently in other SlaVs countries — at the price of €2,000 for an ad placement on the inside front cover,
- 2) The textbook «EtRusco-Roman Law», at the price of €2,000 on the inside front cover.
- 3) The textbook «Reclamatory Law» (Regarding Breaches of Contract), at the price of €2,000 on the inside front cover.

Or at the combined price of €3,000 for all three books in this monumental edition.

You may also advertise in our other publications:

1. In the second issue of the multidisciplinary journal «Justicija/iUSTICIA», at the price of €1,000 on the inside cover of the journal.
2. On the website bozidar.rs, at the price of €1,000 or one year (365 days).
3. On banners during lectures by Prof. Božidar Mitrović, at the price of €200 per lecture.

In doing so, you will take part in promoting scientific discoveries that help uncover the ancient history of the largest ethnic group in Europe — evidently the SlaVs — in order to finally answer the question:

«**Do SlaVs have (the right to) a history before the 5th century?**»

As a sponsor of these publications, you will also be given the opportunity to provide an in-depth interview for Tesla Television about the advantages of your business vision, your achievements, and interesting developments in your growth.
