# GENOCID NAD RIMLJANIMA I SLOVENIMA

Kada su Rimljani prihvatili hrišćanstvo — pustinjsku ideologiju, a time i konceptu *nesvojinosti*, ostali su bez imovine i nestali.  
 Da je Umberto Eco u historijskom romanu i filmu "Ime ruže" umesto "Pustinja" Aristotela naveo (iako su osporavane) "Institucije" Gaja, bilo bi jasno da su hrišćani uništavali Rim, a Vatikan nasvođavao predućeno bogatstvo i jezik Rimljanima, zbor čega je uništavao rimsko pravo.

Desert ideologies - nonproperty - Vatican / appropriation - pribrošavanje - globalisation

*When the Romans adopted Christianity — a desert ideology — and thus the concept of nonproperty, they were left without property and disappeared.  
 If Umberto Eco had indicated Gai's Institutions instead of Aristotle's Poetics as the text revealed in the historical novel The Name of the Rose and the film of the same name, it would have been clear that the Christians had destroyed Rome; but the Vatican has so greedily appropriated the wealth and language of the Romans and as a result prohibited and abolished Roman law.
